PROFESSIONAL SUMMARY

Third-year B.Tech student with hands-on experience in IoT, Embedded Systems, and Robotics using ESP32, Arduino, Raspberry Pi, and sensors. Seeking internship opportunities in IoT and Embedded domains.

TECHNICAL SKILLS

- **Programming:** Python, Embedded C, C++
- **Microcontrollers & Boards:** ESP32, ESP8266, NodeMCU, Arduino Nano, Raspberry Pi 5, PIC, Seeed Studio XIAO
- **Communication Protocols:** UART, I2C, SPI, MQTT, HTTP, Wi-Fi
- **IoT Platforms:** Blynk, Firebase, Node-RED, ThingSpeak, Web UI
- **Tools:** EasyEDA, Git, VS Code, Jupyter Notebook, GitHub
- **Electronics:** Sensor Integration, Relays, Motors, OLED Displays

EDUCATION

B.Tech in Computer Science Engineering (IoT Specialization)	2023 – 2027
<i>RVR & JC College of Engineering, Guntur</i>	CGPA: 7.3/10

PROJECTS

- **Smart Extension Box – IoT Home Automation**
 - Developed smart extension box using ESP32-S3 and NodeMCU for wireless appliance control.
 - Built a local Wi-Fi dashboard with live temperature monitoring.
- **IoT-Enabled Autonomous Robot**
 - Designed an autonomous robot using NodeMCU ESP8266 and Arduino Nano.
 - Implemented obstacle avoidance, GPS tracking, GSM communication, and web/manual control.
- **Automated Plant Watering System**
 - Designed Arduino Nano-based irrigation system with automatic pump control using soil moisture sensing.

INTERNSHIP EXPERIENCE

LearnCorp	May 2025 – July 2025
------------------	-----------------------------

Internet of Things (IoT) Intern | Remote

- Developed IoT applications using ESP32/ESP8266/Raspberry Pi with cloud dashboards.
- Worked on automation, monitoring, and smart agriculture systems.

EduSkills & Google for Developers	Mar 2025 – May 2025
--	----------------------------

Android Developer Virtual Intern | Remote

- Learned Android fundamentals using Java/XML.
- Built beginner-level mobile applications and explored Firebase integration.

ACHIEVEMENTS

- Finalist – Rūpalñā 2026 National Level Prototype Challenge (Top 45/200+ teams)
- 2nd Place – Internet of Things Event, ColoriDo 2025
- 2nd Place – Robo Race, MechMantra 2K25

CERTIFICATIONS

- LearnCorp IoT Internship
- Android Developer Virtual Internship
- NPTEL – Understanding Incubation & Entrepreneurship (Score: 93%)
